

Call for Papers - Migration and Religion

Special Session: Migration and Religious Ritual

7 to 10 September 2022

Rabat, Morocco

The conveners of the Religion and Migration track of The Migration Conference welcome papers for a special session on the topic of Migration and Religious Ritual. The focus of the section will be on changes to religious ritual in contexts of migration. The session calls on researchers to shed light on understandings of the role and changes of religious rituals in the migration process. Within this special session, debates on the change of religious rituals are expected to reflect migration paradigms and their theological, cultural, and socio-political implications in an interdisciplinary context. We encourage papers that present ritual evolution in contexts of sending, transit, and resettlement. Time scopes are open to modern and historical periods.

Abstract Submissions

The deadline for abstract submission for this special session is **March 1, 2022**. The Migration Conference will take place in English with several tracks available in Spanish, German, Turkish and French. All papers presented at the conference must be original and not simultaneously submitted to another conference. Structured abstracts (up to 500 words) are invited for submission. Abstracts should clearly state the objectives, referring to relevant literature, methods, results, and conclusions of the work, and should be no more than 500 words in length.

For papers on other topics related to migration and religion, please see the open call for the Migration, Religion, and Religious Groups track at www.migrationconference.net

If you have any questions, please feel free to contact the track directors Dr. Deniz Coşan Eke and Dr. Eric M. Trink.

Migration and Religion Track Directors:

Dr. Deniz Coşan Eke, University of Vienna, Austria (E-mail: deniz.cosan.eke@univie.ac.at);
Dr. Eric M. Trink, James Madison University, United States (E-mail: trinkaem@jmu.edu)

The Migration Conference (TMC) is an international peer-reviewed scientific event. Papers presented at the TMCs are reviewed by the Conference Committee/Track chairs/Chairs and double-blind peer-reviewed by at least two referees for their scientific quality, style, and presentation.

We look forward to receiving your contributions.
